Pittsburg Delegates to Columbus Uninstructed.

PRESIDENT DOLAN'S DIPLOMACY.

He Will Use Every Endeavor to Bring the Convention Into Line For the Acceptance of the Compromise Rate—President Hatchford Thinks That the Miners Will Accept the Compromise.

PITTSBURG, Sept. 8.—The convention of mine workers yesterday to select delegates to the Columbus convention was one of the largest ever held, and probably has not been before equalled in excitement and importance. The future of thousands of miners, their wives and children, depended on the action of the gathering. Although the rank and file of the delegates seemed imbued with the idea that the operators were ready to throw up their hands and pay the 69-cent rate demanded by the strikers, President Patrick Dolan by excellent diplomacy, tact and perseverance, kept them so well within bounds, that the delegates from this district have gone to Columbus with instructions to use their discretion in the settlement of the difficulty.

President Dolan was well aware of the fact that if the delegates went to Columbus convention instructed to hold out for the 69-cent rate rate, another struggle more bitter than ever, with hunger and starvation for many, was imminent. To him almost alone belongs the credit of having the delegates go unhampered by resolutions and free to act as they think best for the good of the miners of the Pittsburgh district. Dolan's idea was to have the delegates go to Columbus untrammelled, where they could consult with delegates from other states and with the national officials. He intimated that there would be many questions and facts to be considered that have as yet not appeared on the surface.

From another source it has been learned that Dolan will make a big fight at Columbus on behalf of the mining industry of western Pennsylvania. It is stated that at the conference with the operators at Columbus last week he was apprised of certain facts which led him to believe that not only the operators but the miners of this district have been discriminated against, and a fight will be made for justice and fairness. Whether or not the entire battle will be fought out is an open question, but it is known that the basis for a permanent settlement in the Pittsburgh district next December will be well defined and thoroughly understood at this conference. If the issues are too finely drawn it is intimated that there will be secession from the national organization by the Pittsburgh district. By many this move seems probable. Dolan has the sympathy and support of the majority of the operators here, and if he succeeds in rallying the miners of other states to his cause as well as he has succeeded at home, he will have won a great battle.

Dolan will use every endeavor to bring the convention into line for the acceptance of the compromise rate, and knows he has a task confronting him. Many delegates from other states, notably Illinois and Ohio, will go into the convention with a determination to hang out for the 69-cent rate in spite of the wish of the national officers. Dolan knows this, and in order to have his own district with him he succeeded in choking off a resolution embodying the rate question by one of the most eloquent speeches ever heard in the city hall and gained the victory he fought for.

RATCHFORD'S RECOMMENDATIONS.

He Advises the Miners to Accept of the Compromise Rate.

MASSILLON, O., Sept. 8.—President Hatchford of the miners' organization started for Columbus last night to attend the mass convention. He said he believed the miners would accept the 65-cent rate and return to work.

"The miners will meet the proposition like men," he said, "and will be guided by their judgment rather than their desires. Our executive council was unanimous in its recommendations, each member like myself, feeling that it was his duty to make known the actual condition and recommend accordingly in his judgment. With this done, the case rests in the hands of the miners, and if they see fit to continue the strike, the responsibility of their failure will be theirs and not their officials. I do not, however, anticipate any such continuance. The miners will accept and resume work in a few days."

"It was plainly apparent to us," Mr. Hatchford continued, "that the operators would never pay 69 cents, the price demanded. It would be cheaper for them to cancel all contracts and keep their mines closed until the first of next year. Now, my advice to my fellow miners is to accept the recommendation of their officials. If they reject it, they will have to fight it out to the end and I fear the result. The advance demanded by the miners' organization is 15 cents a ton. The proposed compromise gives us 11 cents a ton, or 4 cents less than our demand. The gain to the Ohio miners alone, by multiplying the increase by the number of tons produced annually, would amount to \$1,430,000. Add to this a proportionate advance to all branches of labor around the mines, and it will increase the amount to nearly \$2,000,000 to be divided between 25,000 miners and mine laborers in this state alone. Carry this line of reasoning to the other states and it will be found that the total gains to the miners of those states will exceed \$9,000,000, or

in the neighborhood of \$75 or \$80 per man. On Jan. 1, another increase, in my judgment, will take place, though I am unable to say what the amount may be."

POINTS AGAINST LUEGTERT.

More Damaging Evidence Against the Prisoner Introduced Into the Trial.

CHICAGO, Sept. 8.—Two strong points were scored by the prosecution in the Luetgert trial yesterday and unless the defense is able to impeach the testimony of the witnesses their evidence is likely to have considerable weight with the jury. The two witnesses were Nicholas Faber, who testified that on the night of May 1, he saw Luetgert and his wife enter the sausage factory and Charles Hengst, who swore that on the night of May 1, he passed the factory, and heard a cry from within, as though some one was in pain. At the hearing before the police justice by whom Luetgert was held to wait the action of the grand jury, Hengst said that he could not tell whether the cry was that of a human being or of an animal. Yesterday, he said, however, that he was confident that the cry came from a human being. The defense relies greatly on the statement he made before the trial to impeach his testimony.

Faber grew confused somewhat on cross-examination and could not tell whether the moon shone or whether it was a cloudy night when he saw Luetgert and his wife enter the factory on the night of May 1, but he stuck stoutly to his story that he had seen the two people enter the factory shortly after 10 o'clock on the night of May 1.

The reading of the love letters which had been written by Luetgert to Mrs. Feldt was great fun for the crowd in the courtroom, and it was very embarrassing for the defendant, as in several of them he had spoken in a slighting manner of the lawyers who are now conducting his defense, saying that they were "greedy," and "not able to handle a trial of such importance." He laid particular stress on the incompetence of Judge Vincent, who is now the leading counsel for the defense. When these portions of the letters were read the lawyers laughed, and nobody enjoyed them more than Judge Vincent, but it was not pleasant for Luetgert, who twisted around in his chair, mopped his face with his handkerchief and seemed to be uncomfortable generally.

The defense made a strong fight against the introduction of the letters, and when the court decided that they were proper evidence, the defense asked that they be read in German, as they might lose some of their original meaning by being read in English. This the court also overruled, and the letters went before the jury as the translator made them out, he, however, swearing that the translation was entirely correct.

CONDITIONS OF CROPS.

Weather Bureau's Report For the Week Ending September 6.

WASHINGTON, Sept. 8.—The weather bureau, in its report of crop conditions for the week ending Sept. 6, says:

In the central valleys and southern states the week has not been favorable, owing to general absence of rain and prevalence of high temperatures. Hot, drying winds have proved injurious in the states of the lower Missouri and central Mississippi valleys, and rains, unusually heavy for the season, in Oregon and Washington, interfered with the harvesting and thrashing in those states, but caused no serious injury to grain.

Corn has been very favorably affected by the weather conditions of the past week in the principal corn producing states. High temperature and absence of much-needed rain have checked growth of the late crop and caused too hasty ripening, while the balance of hot winds have caused injury, particularly in the states of lower Missouri valley. In Iowa and Missouri much corn is past help and will be cut for fodder. The conditions, however, have been more favorable to corn in the lake region, upper Ohio valley and New England and in the middle Atlantic states, the crop is generally doing well. The general condition of cotton is less favorable than in the previous week, and over portions of the middle and eastern sections of the cotton belt there has been marked deterioration. Absence of rain has caused it to open rapidly and to some extent prematurely. In portions of south and southwest Texas showers improved late cotton and the "top" crop, but over the northern portion of the state and over the central and eastern portions of the cotton belt the conditions have been unfavorable, except for picking, which has progressed rapidly.

The bulk of the tobacco crop has been cut and housed, generally in good condition, except in Kentucky and Tennessee, where the crop promises to be very short, particularly in the first named state.

MOSQUITO'S VENOM.

It Inflicts Probably Fatal Injury Upon a Ranchman.

POMONA, Cal., Sept. 8.—David Pearce, a well known ranchman near San Gabriel, is dying from poison from the sting of a mosquito last week. He was cleaning an irrigating ditch at nightfall on his property and was frequently stung by mosquitos. He continued at work and went home. A mosquito sting back of his left ear irritated him more than all the others.

Next day it became somewhat painful and on the following day the pain increased. From that time the wound grew rapidly worse, and for the past two days Mr. Pearce has been unconscious. His head has swollen and the back of his neck is much enlarged.

SIX PEOPLE KILLED

Terrible Explosion of Nitroglycerin.

EIGHT BUILDINGS WRECKED.

Many Others Badly Damaged and Window Glass Broken in Every House in Town—A Small Boy Played With Matches—Runaway Accident—Pioneers Pass Away—Other Ohio State News.

CYGNET, O., Sept. 8.—A terrible explosion of nitroglycerin occurred here yesterday afternoon at 3 o'clock, which resulted in the death of six people, and the injury to a number of others. The dead are:

Sam Barber.
Allen Fallis.
John Thompson.
Charles Bartel.
Henry Lansdale.
—Havens, a boy.

The explosion occurred at Grant well, located at the rear of the National Supply company's office building, in the village limits. This well had just been shot by Samuel Barber, the shooter for the Ohio and Indiana Torpedo company. The well was a gasser and when the 120 quarts of glycerine let down into the well exploded, the gas ignited and with a terrific roar the flames shot high above the derrick.

As soon as the drillers saw the flames several climbed in to the derrick to shut off the gas, but they had hardly gotten there when there was a terrific explosion. The burning gas had set fire to the remaining nitroglycerin in the empty cans standing in a wagon near the derrick. In another wagon nearby were some cans containing another 120 quarts of the stuff, and this was started by the force of the first explosion.

The second was blended with the first in a mighty roar and the town and surrounding country for miles trembled from the shock. The National Supply company's building was completely demolished and nothing remains but a big hole where the wagons stood. There is not a whole pane of glass in any window in the town and every house and store was shaken to its foundations.

There was awful excitement over the affair and all the remaining population of the town rushed to the spot.

The damage to the Ohio Oil company will amount to \$3,000. Eight buildings are a total wreck and many others damaged. The town has a population of about 1,200. Many bystanders were wounded.

Small Boy Played With Matches.

FREEDOM, O., Sept. 8.—Earl Beery, a small boy, was the cause of the burning of two big barns filled with hay, a loaded granary, and valuable farm machinery here. He was playing with a match in the yard when some straw ignited. The loss will reach \$2,800. The property belonged to Charles Lench. No insurance.

Rockefeller's Mother-in-Law Dead.

CLEVELAND, Sept. 8.—Mrs. H. L. Spellman, mother of Mrs. John D. Rockefeller, died at Forest Hall, Mr. Rockefeller's Cleveland home, yesterday. She was 88 years old and had been in failing health for some time. For the past few weeks physicians had remained at her bedside all night and all day.

Injured in a Runaway.

IRONTON, O., Sept. 8.—Mrs. Henry Woodfin was seriously injured internally, and Mrs. Hattie Moon sustained a number of cuts about the face, during a runaway yesterday, when their vehicle was overturned. Mrs. Wash Howard and Mr. Aaron Evans, the other two occupants, were badly bruised.

Two Old Residents Gone.

XENIA, O., Sept. 8.—Two of the oldest and most highly respected residents of Xenia have just passed away—Mr. James Kyle, a relative of Senator Kyle of South Dakota, and Mr. J. M. Carrow, the latter being 84. He leaves one daughter—Mrs. E. P. Hoo-ven.

Liveryman Disappears.

TIFFIN, O., Sept. 8.—William Scheidinger, of the livery firm of Scheidinger & Vance, disappeared last Wednesday. All efforts to trace him have been fruitless. He drove away in one of the livery rigs. He left a family.

A Serious Fall.

MARYSVILLE, O., Sept. 8.—Mrs. Anna Elizabeth Kennedy, aged 62, fell Sunday, sustaining serious internal injuries, which produced hemorrhages. She is in a critical condition, with no hope of recovery.

Hand Shot Off.

CIRCLEVILLE, O., Sept. 8.—While out hunting George Rogers had his right hand shot off by the premature explosion of a shotgun, when he was in the act of climbing a fence.

Farmer Killed.

KENT, O., Sept. 8.—A northbound train on the Cleveland, Canton and Southern struck and fatally injured a farmer near Hartsville, Stark county, yesterday forenoon.

QUEEN LOUISE IS EIGHTY.

There Is Great Rejoicing at the Court of Copenhagen.

COPENHAGEN, Sept. 8.—There were great times at the palace yesterday in honor of the 80th birthday of Queen Louise of Denmark, wife of King Christian IX, and mother of a large family,

of whom the Princess of Wales is probably the most distinguished member.

The queen, who was the daughter of William, landgrave of Hesse-Cassel, married King Christian in 1842, and is one year older than her royal husband. Despite her advanced age she is in full possession of her health and mental faculties and bids fair to continue her activity in court circles for many years to come.

There was a family party at the palace yesterday, the Princess of Wales, with her daughters, having journeyed from London expressly for the occasion. Telegrams of congratulation from Queen Victoria, Prince of Wales, the Duke and Duchess of York, President Faure, Emperor William, the Czar of Russia, were received. The birthday presents received were numerous and valuable.

A COMMUNITY TERRORIZED.

Lawless State of Affairs Existing in Lawrence County, Indiana.

BEDFORD, Ind., Sept. 8.—The September term of the Lawrence circuit court is in session, and in his charge to the grand jury Judge Martin called attention to the recent troubles in the Church of Christ, this city, and stated that if the press reports were true, indictments should be returned against the offenders for rioting.

The judge also called attention to the state of affairs prevailing in Spice Valley township, seven miles south of this city, where a sort of brigandage prevails, carried on by a disorderly element in that part of the county. Robberies are frequently committed in daylight, the victims fearing to prosecute because their property would be subjected to incandescence.

Cattle are slaughtered openly on some of the farms and the carcasses carried off. Incendiarism is so common that insurance companies will no longer issue policies on property in that township. The grand jury was urged to punish the criminals and restore law and order in that section.

MISSOURI WEATHER.

Excessive Heat and Drouth Playing Hob With Cattle and Crops.

ST. LOUIS, Sept. 8.—The heat has been intense throughout different sections of the state during the past week or more and this, combined with the scarcity of moisture, is drying up the corn and causing suffering among cattle. A dispatch from Centralia, Mo., says this season is now undergoing one of the severest drouths in its history. Late corn is greatly damaged, pastures are giving out and stock water is becoming very scarce.

Macon, Mo., reports that the excessive heat and dry weather the past 15 days will play havoc with the corn crop in that section. The creeks are running low and cattle will suffer for water if relief does not come from the clouds.

In the towns the wells are to the bottom, but the East Fork reservoir which supplies Macon is holding out fairly well.

Confesses on His Deathbed.

DETROIT, Sept. 8.—A special to The News from Bancroft, Mich., says that Harry F. Leadley of Rochester, N. Y., died here yesterday. Before his demise he stated that he had been guilty of killing a Miss Emerson in Rochester, and of embezzlement from a Rochester insurance firm. A correspondent in Rochester interviewed Charles T. Leadley, father of the deceased. He acknowledged that the man was his son, but said nothing about the crimes mentioned.

A Tragedy of the Sea.

SEATTLE, Wash., Sept. 8.—A special from Anacortes gives an account of the discovery of a man in the fishing schooner Annie of Everett, Saturday last by W. G. Blount. The schooner was found adrift near Deception Pass by Blount. He boarded her and found the body of a man with a pistol shot through his head lying face downward in the cabin. Evidently the schooner had been fitted out for a fishing cruise.

Big Irrigation Scheme.

PHOENIX, A. T., Sept. 8.—It is expected that work will be resumed within 60 days on the great Rio Verde irrigation enterprise, which is to redeem 200,000 acres of the finest land in the Salt river valley of Arizona. Of the 150 miles of canal that will constitute the Rio Verde system, 20 have been dug, and a large amount of work, costing altogether \$200,000, has been done at and near the head.

A Lower California Line.

SAN DIEGO, Cal., Sept. 8.—The Lower California Development company has arranged to establish a line of steamers to ply along the coast. The vessels will go as far south as San Renito, Mex. San Diego will be the northern terminus. The steamer Albion, which will make the first trip, will arrive here on the 20th inst.

Assaulted His Wife and Suicided.

VALPARAISO, Ind., Sept. 8.—A dispatch from Chesterton, this county, says that Henry Hjel, a farmer, last night assaulted his wife and beat her terribly with a club. He then shot himself just below the heart. He will die. The woman is probably fatally injured.

Well Known Actor Dead.

NEW YORK, Sept. 8.—Joseph W. Shannon, formerly a well known character actor, is dead, aged 61. In his prime he was a member of the Wallack and Abbey Stock companies. His last engagements were with James O'Neill and Rose Coghlan.

STRICT QUARANTINE.

Efforts to Stamp Out Yellow Fever Proving Successful.

ONLY ONE ADDITIONAL DEATH.

A Mulatto Dies at Ocean Springs With Symptoms of Yellow Fever—No New Cases Reported From There—That City Entirely Cut Off From the Outside World—Other Quarantines.

NEW ORLEANS, Sept. 8.—Another day has passed without a single case of yellow fever having been reported to the state board of health. But one imported case thus far has been developed here and death has wiped that out. The board of health, through its president, Dr. Olliphant, and its president pro tem., Dr. Walmsley, declares that in spite of all reports to the contrary, not one of the many who had come hither from Ocean Springs has been stricken with the fell disease.

At the Gelpi residence, where the first and fatal case was reported Sunday, the premises have been thoroughly impregnated with sulphur and it is believed every lingering germ therein has been killed. The four inmates, two servants and the mother and brother of the boy, are absolutely quarantined. No one is permitted either to enter or to leave the house, which will be in charge of the board for five days.

Physicians are promptly reporting cases of fever that come under their observation. Dr. Walmsley said that four or five doubtful cases had been reported and that members of the board of experts had investigated them all. In none of them was there a trace or symptom of yellow fever.

Only one additional death has been reported at Ocean Springs with symptoms of yellow fever, a mulatto. No new cases have been reported. Ocean Springs has now been absolutely cut off from the outside world, and the only means of reaching the town are by wire or mail. The telegraph operator there is well nigh worked to death. Serious suffering is certain to follow. It is said there is only one ton of ice in the town and there is no way to get more. Ice is necessary where fever rages. Physicians at the Springs get but little rest and it is not so certain the medical supplies will not soon be exhausted, but in the course of a day or two means will be found whereby relief will be supplied. If required city physicians will volunteer to aid the local doctors.

GOVERNMENT TAKES ACTION.

The Marine Hospital Services Will Render All Assistance Possible.

WASHINGTON, Sept. 8.—The general government will render all assistance in its power to check the spread of yellow fever. This will be done mainly through the agency of the marine hospital service. Dr. Walter Wyman, the head of the bureau, has returned to the city and assumed active charge in directing the work of assisting the state officials of Mississippi in their efforts to confine the disease to the locality where it appears to have started.

The marine hospital service has ample camp material and equipment on hand. The splendid outfit which has been at Gainesville, Ga., was started on a train for the vicinity of Ocean Springs. It will be taken to within 30 or 40 miles of the place and if a camp of detention is found necessary, the outfit will be used as occasion may require. The bureau also keeps portable apparatuses at Savannah, Ga., intended for use in epidemics. It consists of machines for disinfecting places. They have been started for the vicinity of Ocean Springs.

Strict Quarantine at Mobile.

MOBILE, Sept. 8.—Every precaution has been taken to guard against the introduction of fever into Mobile. Rigid quarantine has been established by land and water, and half a dozen persons who got in before quarantine arrangements were completed, have been sent out of the city to the detention camp, located 15 miles west on the Louisville and Nashville railroad. At this camp also are detained all travelers who came from coast points or from New Orleans. They must remain 10 days in quarantine. There are several there in detention now.

Taking Extra Precautions.

MONTGOMERY, Ala., Sept. 8.—The governor has called a meeting of the state board of health in this city to consider the yellow fever and smallpox situation. Ten prominent citizens were stopped on the Louisville and Nashville train yesterday outside of the city, and forced to pass through without stopping here. Three of the late arrivals from Ocean Springs are sick and orders from the city health officer require all persons from the infected district to be moved out of the city at once.

Florida Quarantines.

JACKSONVILLE, Fla., Sept. 8.—The state board of health has issued a proclamation excluding from the state all persons and baggage from the yellow fever infected points in Louisiana and Mississippi, unless accompanied by a certificate that he has not been exposed to the disease within 15 days from the time of departure.

NEW ORLEANS, Sept. 8.—Mrs. Richard Milliken, widow of the wealthy sugar planter, now at Saratoga, has presented the Charity hospital with \$75,000 to found a children's building, which will include a kindergarten and other improvements.

"BOMBSHELLS"

Will be Exploded When the Hunter Bribery
 Case Finally Comes to Trial.

FRANKFORT, K., September 6.—The
 clans are already gathering for the trial
 of the Hunter-Wilson-Gaines-Tanner bri-
 bery cases next week, and several new
 sensations are ready to be sprung by wit-
 nesses who were not before the grand
 jury. Captain Gaines and Tanner, the
 two accusing witnesses, have had Messrs.
 Albert S. Deitzman and Herman Albin,
 of Louisville, summoned, and expect to
 prove by them that Dr. Hunter told them
 if they would secure a certain number of
 votes for him he would see that they
 were given the chair contract at the
 Frankfort penitentiary, for which Deitz-
 man and Albin were the successful bid-
 ders.

John H. Wilson is here in consultation
 with his attorney, Judge Pryor, and con-
 ferencing with the foreman of the grand
 jury that returned the indictment. Wil-
 son intimates that he too will uncover a
 bombshell during the trial and knock the
 Gaines indictment into smithereens.
 Representative Stiglitz and his friend
 Hollenbach were summoned to-day to
 appear before the next grand jury to tell
 about the little poker game and its bear-
 ing on the Senatorial race.

Kentucky Conference.

The Kentucky Conference of the M.
 E. Church convenes to-day at Pineville.
 At the last session there were 111 names
 on the roll. Seven of these will not
 answer to the roll call to-day. Jedediah
 Foster, R. D. Lashbrook, Daniel Steven-
 son, C. S. Smith, O. M. Wilson, C. F.
 Heveran and A. B. Colledge have died
 during the year. This is the greatest
 mortality for any single year in the his-
 tory of the Kentucky M. E. Conference.

Cincinnati Sunday Excursion, September
 12th, \$1.

On Sunday, September 12th, the C. and

 p. m. same date. James Corbett plays
 first base with the Shamrocks against
 the Manhattans at Cincinnati ball park
 next Sunday.

MR. GORDON SULSER will attend the law
 school at Danville this session.

FAIR NOTES.

Remember The Admission is Only 25 Cents.
 A Number of Races For Mason
 And Adjoining Counties.

The superintendent of the floral hall,
 Mr. Harry C. Curran, wishes to have
 competitors feel sure that the goods in-
 trusted to his care will be looked after
 carefully and returned to owner, as per
 rules and regulations. Those having pre-
 serves, jellies, fruits, bread, cake, fancy-
 ware or any delicate or perishable goods
 need have no fear of sending them to the
 Maysville floral hall exhibit.

From the interest manifested by peo-
 ple outside our city, it is safe to predict
 that the four days during which Mays-
 ville fair runs, larger crowds will be here
 than ever before in the history of the
 city, with very few exceptions.

Our citizens are heartily in accord with
 the old time Harvest Home Fair, and we
 feel sure that their interest will be vis-
 ible by a large attendance for the four
 days, September 22nd to 25th. Any
 newspaper office in any adjacent county
 will furnish inquiring friends with cata-
 logues of the Maysville fair. Go to your
 local office and get a catalogue.

"It is the right season to have a fair,"
 remarked a prominent farmer in conver-
 sation with the scribe, "because we have
 done with our summer work and have a
 season of rest before beginning fall labor,
 and you know we country people can not
 rest sitting down, but must have pleas-
 ure, and I, for one, am glad Maysville is
 to have a farmer's festival, and you can
 count on me and my whole family com-
 ing."

Do not forget the admission price is
 only 25 cents, including grand stand, with
 no extra charge for the attractions which
 will take place in front of amphitheatre,
 September 22nd to 25th.

The goods for floral hall should be
 listed for competition with the Superin-
 tendent, Mr. Harry C. Curran, who will
 be at the floral hall at 8:30 on Tuesday
 morning, September 21st.

The management, in lieu of races of
 record horses during the four days fair,
 have arranged for green horse races, that
 is, horses which have no record, to be
 driven by owner, no matter what kind of
 a horse. No entry fees will be charged,
 and the premium offer is \$25 to the lead-
 er in each race. First day, Wednesday,
 Adams and Brown County horses of this
 class may compete; second day, Thurs-
 day, Fleming and Bracken; third day,
 Friday, Mason and Robertson counties,
 and the fourth day, Saturday, free for all
 of these counties. Now we feel sure that
 in this arrangement a hearty approval
 will come from the lovers of horse flesh,
 because many of our citizens and friends
 own roadsters about which they brag
 and for which they have long wished an
 opportunity to show their speed. Here
 is the chance, and the opportunity may
 not again be offered, so get your horses
 in condition. come to the Maysville fair
 upon the day allotted for your county,
 enter your horses without charge and
 contend for the premium of \$25 which is
 offered. Remember both pacers and
 trotters can be entered, and the fun holds
 out to be fairly amusing, and will draw
 like a porous plaster.

More Rewards for the Turnpike Raiders.
 FRANKFORT, Ky., Sept. 6.—Some of the
 raiders who recently destroyed some of
 the toll-gates on Maj. Baldwin's road
 near Maysville and for whom the Gov-
 ernor has offered rewards have been at
 it again. The Governor this afternoon
 offered fresh rewards of \$250 each for the
 perpetrators of the latest outrages.

Judge Hutchins has offered an addi-
 tional reward of \$200 for the arrest and
 conviction of any of the raiders.

\$6 to Louisville and Return via C. and O.
 September 27, 28 and 29, the C. and O.
 will sell round-trip tickets, Maysville to
 Louisville, at rate of \$6. See C. and O.
 agent for further information.

Miss LIZZIE WORMALD has been quite
 ill several days with asthma.

Ewing Fair.

The L. and N. will sell round trip
 tickets to Ewing at one fare, 60 cents, on
 September 8th, 9th, 10th and 11th,
 limited to return until September 11th.

Royal makes the food pure,
 wholesome and delicious.

 terian Church this evening at 7:30 o'clock.
 Important meeting of the elders and dea-
 cons to be held after services.

It is now figured that the States of
 Missouri, Iowa and Kansas will produce
 but 408,000,000 bushels of corn, against
 784,000,000 bushels this time last year.

REV. G. S. EASTON, formerly of this city,
 has been assigned to the M. E. Church
 at Goshen, O. Rev. G. M. Fulton, form-
 erly of Aberdeen, goes to Williamsburg.

MR. FRANK A. CALHOUN has accepted a
 position as stenographer with the Sun
 Manufacturing Company of Greenfield,
 O., one of the largest manufacturing con-
 cerns of the kind in the country.

MR. W. J. TALLEY, of Peed, is the first
 subscriber on our list to pay his sub-
 scription to 1899. We do not expect all
 to do as well as Mr. Talley, but there are
 a few who might come in and pay up to
 1897.

You will find P. J. Murphy's stock of
 gold watches and diamonds larger than
 elsewhere. His prices are always lower;
 quality is unsurpassed. With these
 three advantages, you do yourself an
 injustice if you fail to see his stock before
 buying.

MASTER CHARLES WOOD, second son of
 Mr. and Mrs. N. S. Wood, of the Fifth
 ward, was more seriously injured by be-
 ing kicked by a mule last Saturday than
 at first reported. His face was badly
 bruised and some of the bones were
 fractured.

THE K. of P. order now has an active
 membership in the United States of an
 even half million, and Ohio holds the
 banner with 55,000 members. There are
 only five Past Supreme Chancellors now
 living, and of the seven who have presided
 since 1884 to 1897 only three are living.

MR. JAMES HASSON, SR., is announced
 as a candidate for Chief of Police at the
 November election. Mr. Hasson is one
 of Maysville's best citizens, sober, indus-
 trious and upright, and will make a faith-
 ful official. He served several years as
 Street Commissioner and was ever effi-
 cient and faithful.

LEO LANGFELT, of Covington, won the
 Covington-Lexington one-hundred-mile
 road race Monday, reducing the National
 record of six hours, seven minutes and
 forty-five seconds, to five hours, forty-six
 minutes and forty-five seconds. Ran-
 dolph Hardiman, (ex-Maysvillian) of
 Lexington, was second in the race, finish-
 ing three minutes behind the winner.
 Hardiman led most of the way, and lost
 several minutes by the tires of his wheel
 being punctured.

ANGOLA FLANNELETTE.—Woven like flannel, looks
 like eiderdown, feels like lamb's wool. It's for shirtings, wrappers,
 dressing sacks and children's wear. Lots of it, forty different pat-
 terns or colors, but it will soon disappear at 6½c. a yard, because
 you'll recognize it as past and future 10c. qualities. Plaids, stripes,
 solid and gingham styles. Dainty patterns all, and the best grades
 you've known is bettered. Strong in texture and almost as fluffy
 as wool eiderdown.

ANGOLA don't fade, thicken, shrink, lose any beauty by
 soap and water. Angola does wear well, looks neat and pretty
 and wash like muslin, feel like comfort.

The river is lower now than it has been
 since last year.

The Stanley enters the Cincinnati and
 Madison trade, and Bonanza the Louis-
 ville run.

The Sherley passed down at noon Tues-
 day, having been delayed several hours
 by the fog.

The Sunshine has taken the place of
 the Bonanza and the Lizzie Bay succeeds
 the Stanley in the Pomeroy trade during
 the low water.

The Will J. Cummings has quit the
 Wheeling trade temporarily and to-mor-
 row will enter the Cincinnati and Ports-
 mouth run as a tri-weekly packet, pass-
 ing down every Monday, Wednesday and
 Friday and up on Tuesday, Thursday and
 Saturday.

Mr. Jas. B. Wood led a very interest-
 ing service Sunday afternoon. The sub-
 ject, "Ambassadorship for Christ," was
 sent home to every heart by his earnest
 words. The music was a special feature,
 the piano solo by Mrs. Randolph Madison
 and the vocal duet by Misses Angie B.
 Osborne and Lyde Bacon was heartily
 enjoyed.

The regular meeting of the Board of
 Directors will be held this evening at

 returning until October 3rd.

THE Attorney General of Missouri has
 brought suit to revoke the licenses of
 twenty-two fire insurance companies, on
 the ground that they are members of a
 trust. The companies attacked include
 most of the large fire insurance com-
 panies.

At their recent meeting, about which
 so much secrecy has been observed, the
 State Prison Commissioners demanded of
 Contractor Martin a new and better bond
 and the immediate payment of \$13,000.
 Gov. Bradley wanted the board to ter-

WHEAT AGAIN ADVANCES.

It Sold at \$1.02 1-8 at New York Tuesday.
Secretary of Agriculture Thinks it
Will Go Higher—Corn Crop.

New York, September 7.—After the temporary holiday lull in the speculative activity in the grain markets prices made another jump toward higher levels this morning.

In the wheat pit at the Producers Exchange the September option, which closed on Saturday at \$1.02, started to-day at \$1.02½, and December was even stronger at the opening at \$1.00½, or 2½ cents over the final figures on Saturday.

WASHINGTON, September 7.—The Secretary of Agriculture has just returned to Washington from an extensive trip through the West, during which he made a close examination of agricultural interests. "People who think there is to be an unusually heavy crop of wheat are mistaken," said Secretary Wilson. "It will be an average crop only, and the expectations are below the average instead of above. That will mean higher prices of course, and wheat will go still higher."

"The prospects are for a short crop of corn, also. If there is frost within the next two weeks in the Northwest half the corn crop will be lost. The people will not suffer, however, because there is a large portion of last year's crop on hand. Higher prices for corn will prevail because the demand for it will be increased because of the lack of sufficient wheat to fill the demand for breadstuffs."

The highest price wheat brought at Cincinnati Tuesday was 95½ cents. At Chicago wheat opened at 96 and closed at 96½. At St. Louis 98½ was asked for cash wheat. One dollar cash was the price it commanded at Baltimore.

The Limestone Milling Company is paying 90 cents for wheat to-day.

In Social Circles.

What's the matter with Tuckahoe? It's all right! Even to being right in line with the latest fad of out-of-door entertainments. In other words the lawn party last night held at the home of Mr. and Mrs. John Bacon was a most charming and successful affair. The night was ideal. A platform for dancing had been built on the lawn and strung about with Chinese lanterns. The string band from Washington furnished the music.

Mrs. Bacon, the charming hostess, gowned in accordion-plaited pink organdie and La France roses, guided about amongst her guests with gracious tact, mixing and mingling until the social machinery moved as if by magic, and "all went merry as a marriage bell."

A delightful lunch was served at 12 o'clock. Among the guests from Maysville were Mr. and Mrs. W. Randolph Madison, Miss Margaret Nolin, Mr. Walter Wormald, Mr. Elgin Smoot and Col. George H. Simmons.

A
FEW WORDS
ABOUT
OUR

Shoes!

When we concluded to handle Men's and Youth's Shoes, quality was the first consideration in our purchase. As ranks in quality all our various lines, so will the quality of our Shoes rank too.

Messrs. Smith & Stoughton, of Boston, Mass., who made our Shoes for us, say to us, "Your \$2 and \$2.50 Shoes excel all others at the price." They further say, "We have made you a Shoe to retail at \$3 that you can guarantee to wear equal to any \$4 Shoe made in the country. We warrant every pair of them." The above-mentioned lines are in and on sale. The balance of our line, comprising many new novelties in many different shades and finish, will be in soon; It will pay you to wait for them if you can conveniently do so.

A
WORD
OR TWO
ABOUT OUR

Clothing!

Our entire lines are in, and we are anxious to have you look at them. They represent the productions of the leading manufacturers of Tailor-made Clothing in the country. There is no novelty in the market, such as Plaids, Overchecks, Stripes and colors that is not represented in our stock. We will take pleasure in showing them to you, whether you want to buy or not. Favor us with your critical examination.

The removal of Superintendent Chamberlain of the penitentiary factory is said to be the beginning of a shake up in the official force at that institution. An ugly row between the State and Contractor Martin is in prospect as a result.

The report of State Commissioner of Agriculture for the month of August shows that 65 per cent. of the wheat crop is still in the hands of the farmers. The crop has been estimated at 11,000,000 bushels, so at the present price Kentucky farmers are still holding more than \$6,000,000 worth of wheat.

ELECTION IN CUBA.

It Was Postponed on Account of the Condition of the Roads.

NEW YORK, Sept. 8.—A dispatch to The Herald from Havana says: It is reported here on reliable authority that the meeting of the constituent assembly, which was to have taken place on Sept. 2 at Camaguey, was postponed. The reason for the postponement of the convention, which is to elect a new president of the Cuban republic, is not yet known here. It is, however, surmised that the cause for the delay is the non-arrival at Camaguey on the day fixed for the meeting of the assembly of some of the deputies representing the Fourth, Fifth and Sixth army corps.

It is explained by the agent of the insurgents in this city that the bad condition of the roads at this season of the year in Cuba renders very difficult the march of the men who are to reach Camaguey from Pinar del Rio, Havana, Matanzas and Las Villas in order to take part in the election. The passage of the Jucaro-Moron trocha is one of the many serious obstacles which the contingent of troops accompanying the eastern deputies will have to overcome before they reach the meeting place of the assembly.

DENIED BY THE MAYOR.

Negroes Are Permitted to Live in Elwood, Indiana, Without Molestation.

INDIANAPOLIS, Sept. 8.—The report sent out from Elwood, Ind., several days ago to the effect that the negro residents of that town had been notified that they must leave town within a week, has brought a letter of protest to Governor Mount from the National Anti-mob and Lynch Law association at Springfield, O. The association suggests that the governor should exercise his authority and stop any such action.

Upon the receipt of this protest Governor Mount wrote to Mayor Finch of Elwood, asking for information that would tend to refute the reports and expressing his determination to protect the inalienable rights of every citizen of the state without regard to color. To this letter Mayor Finch has just replied denying the truth of the report. The mayor says the story is a manufactured one and that the Elwood negroes are not to be molested. The mayor also expresses his intention of making a formal denial of the report.

Boys Quarrel Over a Game of Cards.

RICHMOND, Ind., Sept. 8.—Last evening Ed Lichtenfels and William Imhoff, boys about 19 years of age, while playing a game of cards, got into a dispute and Lichtenfels pulled a knife and seriously cut Imhoff. Imhoff received several ugly wounds, but it is thought that his injuries will not prove fatal.

Jealous Teacher's Deed.

BLUFFTON, Ind., Sept. 8.—Berkley Walker, jealous of his wife, from whom he had been separated for some time, fatally wounded a 16-year-old sister-in-law and is in jail with a bullet wound in his arm, due to an attempt at self-destruction. Walker is a school teacher.

Try the WEEKLY BULLETIN. Only \$1.50 per year.

When a man owns a blooded horse he is always careful of its health. He looks after its diet and is particular that the feeding shall be regular and right. While he is doing this it is likely as not that he is himself suffering from disease or disorder. When the trouble gets so bad that he cannot work, he will begin to give himself the care he gave the horse at the start. Good, pure, rich, red blood is the best insurance against disease of any kind. Almost all diseases come from impure or impoverished blood. Keep the blood pure and strong and disease can find no foothold. That is the principle upon which Dr. Pierce's Golden Medical Discovery works. It cleanses, purifies and enriches the blood, puts and keeps the whole body in perfect order; makes appetite good, digestion strong, assimilation perfect. It brings ruddy, virile health. It builds up solid, wholesome flesh (not fat) when, from any cause, reduced below the healthy standard.

LOUISVILLE TOBACCO MARKET.

Barley Was Somewhat Irregular Last Week. Prices For Some Grades Easier.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 3,149 hhds. with receipts for the same period 2,339 hhds. Sales on our market since January 1st amount to 119,717 hhds. Sales of the crop of 1896 on our market to this date amount to 103,145 hhds.

Under the continued heavy pressure of large offerings, our market for burley tobacco has been somewhat irregular, and prices for some grades are easier; this is especially the case with common sorts when out of order. There has been comparatively little good to fine burley offered. The market for these sorts while not quite so active as previous week, is not notably lower. The grades from \$8 to \$12 were not steady and in some instances were a bid or two off.

We have had a week of hot weather for the time of year, and some localities are suffering very much from dry weather, and the general condition of the late planting, both in the burley and dark districts, is unfavorable.

The following quotations fairly represent our market for burley tobacco (1896) crop:

Trash (dark or damaged).....	2 50 to 3 50
Common colory trash.....	4 00 to 5 50
Medium to good colory trash.....	6 00 to 9 00
Common lugs, not colory.....	4 50 to 6 00
Common colory lugs.....	6 50 to 9 00
Medium to good colory lugs.....	9 00 to 13 00
Common to medium leaf.....	7 00 to 12 00
Medium to good leaf.....	12 00 to 16 00
Good to fine leaf.....	16 00 to 19 00
Select wrappery leaf.....	19 00 to 29 00

CINCINNATI TOBACCO MARKET.

CINCINNATI, Sept. 7.—The local breaks presented an animated scene to-day. The offerings were of fair size, considering that it was the initial salesday of the week. Buyers evidently found the majority of hogsheds suitable to their needs and bid actively. All grades under \$10 per 100 pounds (nondescrpts excepted), were very strong. Red fillers or tips and bright trashes were the favorites. Any substantial piece of tobacco with color sold well. Fancy leaf was scarce and in fair request. The sales were encouraging and a favorable criterion of the market's ability to do justice to shippers. Offerings totaled 470 hogsheds.
